

Health, Safety, Environment and Corporate Social Policy Statement

July 5, 2011

Greentec commits to deliver outstanding customer service and continuously improve products and operations to deliver safe, healthy, environmentally clean and socially responsible recycling solutions.

The Greentec Management System (GMS) shall comply with all applicable regulatory and voluntary requirements to ensure the highest standards of occupational health, safety, environmental and social practices. Operational efficiency will be met and exceeded while preventing pollution of all types. GMS goals are to continuously improve our environmental, health and safety performance.

Greentec's Management Team is committed and accountable for developing, implementing and maintaining EHS standards to ensure associates are provided with a safe workplace environment. Prevention of injury and occupational illness is an ongoing objective through the integration of health and safety administration, education and training as outlined in the **Greentec Management System (GMS)**. . All supervisors are responsible to ensure the associates under their supervision are working safely. It is the Management Team's responsibility to ensure all associates are well informed of occupational health and safety hazards, environmental and social responsibilities and to provide appropriate protective and safety equipment and training as required

Greentec associates are responsible to protect their safety and that of their fellow workers by working in compliance with Greentec's health and safety policies, as well as the Occupational Health and Safety Act. Any unsafe conditions or environmental hazards must be reported to a Management Team Associate immediately.

Greentec will coach all associates, temporary employees and contractors on the aspects of Greentec's business and our responsibilities related to environmental, health and safety management. The Greentec Health, Safety, Environmental and Social Policy Statement is reviewed annually and made available to the public. Greentec will hold its customers and the environment at the centre of our business. It is important for all of us to value this policy and honor our commitment towards these common goals.

Tony Perrotta
